

FP School Milk UK

A little Bit about School Milk UK

School Milk UK Ltd, is part of the Fresh Pastures CIC group of companies. Working closely alongside FP Processing Ltd & Fresh Pastures CIC, we are a team who are dedicated to providing your children with a fresh, quality product every day.

Fresh Pastures CIC is the only UK dairy that processes, packages, delivers and administers the School Milk Scheme from 1 site, giving us total control over quality, delivery and customer feedback. Wherever possible, we use milk from local dairy farmers. We are dedicated to paying our farmers a better price for their milk, ensuring their survival in the current climate. All our farmers are regularly audited for hygiene and animal welfare standards of care, in line with Farm Assurance.

We take great pride in offering employment to all local people, regardless of any physical or mental disabilities.

We hope you will help us to support Local Employment, by registering your child for School Milk at www.schoolmilkuk.co.uk

How it works in 4 easy steps

Step 1 Registration

You will need to register your child on our secure website*. Once you have completed the initial registration stage for each child, you will not need to do this again.

During the registration process, you will be required to fill in the registration form online, giving your child's school & class details as well as your name and address. You will need to log in using a valid email address and will need to create a password.

* (If you would prefer to register by post, please request a registration form from your school office).

Step 2 Ordering

New customers will have received a letter from your child's school explaining the cost of a carton of milk. Existing customers will have received an email approximately 3 weeks prior to your payment expiring to remind you to log back into your account and re-order /pay for the following term. You can do this by Placing an Order and selecting the period in which you would like to pay. You can pay for the coming Term or you can select to pay for the remainder of the Academic Year. Our system automatically reduces the amount of days that you are charged for if you choose this option mid-way through the academic year. You will then be guided through to the payment section.

Step 3 Payment

Once you have selected that you are happy for your child to receive milk between the dates stated, you will also be asked to agree to the Terms & Conditions.

You will then be guided to our payment page, where you can choose your method of payment. Paypal, Debit or Credit Card.

Step 4 Delivery

Your child's milk will be delivered to school, in time for them to drink at mid-morning playtime.

All our milk is delivered in refrigerated vans to ensure the upmost quality of your child's milk.
